Designed specifically for Miele TwinDos washing machines, **UltraPhase Sensitive** detergent contains no fragrances or colourants and is gentle to skin without compromising on stain removal or washing results.

The phosphate free tablet is particularly kind to the environment and includes rinse aid and salt functions to ensure sparkling clean results everytime. For Miele dishwashers with **AutoDos**, the integrated **PowerDisk** dispenses the right amount of detergent at the correct time in the programme cycle and will last on average, 20 wash cycles.
